VALVE LIFT	DURATION	DURATION @ .050	GRIND NUMBER	DESCRIPTION	REGRIND	HARDWELD	BILLET
.345/.290	264°/286°	240°/252°	617/812	Performance profile designed to increase overall performance. Requires Performance Valve Spring Kit, and Exhaust System.	N/A	59-171 \$286.00	N/A
.340/.291	260°/289°	236°/253°	298/812	Designed to increase throttle response. Requires Performance Valve Spring Kit.	N/A	59-161 \$286.00	N/A
.338/.290	268°/286°	247°/252°	192/812	Performance profile designed to increase mid and upper end. Requires Exhaust System, High Compression Piston, and Performance Valve Spring Kit.	N/A	59-181 \$286.00	N/A
Cam Core				Please specify year and model when ordering. Price (Each).			CC-H49 \$175.00
Chain Tensioner, Manual				CNC machined from billet alloy to exact tolerances for perfect fit. This tensioner can not back out allowing the cam chain to jump the sprockets as the auto adjusters have been known to do. In the CRF models fits (04-14). Price (Each).			CT-H08 \$65.00
Chain Tensioner, Manual PRO Series				The PRO Series is designed for the racer who frequently adjust his engine. The easy-access socket head adjuster screw is perfect for tight spaces. The interior o-ring design ensures that repeated adjustments will not eventually flatten the o-ring against the jam nut. The PRO Series design features an internal o-ring and custom-machined adjuster bolt. The bolt is broached with a 4 mm hex. Does not fit CRF 450 R (02-03) models, or the TRX 450 ER 06, and the 10 11 models as well. Price (Each)			CT-H03 \$95.00
Valve Spring Kit With Titanium Retainers (Kibblewhite)				Kit includes performance dual springs, Titanium retainers, and bottom cups. OK to .360" valve lift. Price Per Set (4).			VC-H83 \$195.00
