New Steel Billet Camshafts for the Gen II Hayabusa engines. Custom profiles available.

VALVE LIFT	DURATION	DURATION @ .050	GRIND NUMBER	DESCRIPTION	REGRIND	HARDWELD	BILLET
Buckets, Shim Under (Supertech) WPC Treated RACE				28 mm x 20 mm x 3.0 mm WPC Treated for extreme durability. Price (Each).			CF-S04 \$65.00
Retainers, Titanium (Vance & Hines)				Made from 6AL4V Titanium Engineered and tested to perform under the most extreme conditions. These Titanium retainers are the lightest in the industry. Proven to have less valve bounce at high RPM without sacrificing durability. Can be used as stock replacement. Price Per Set (16).			RT-S04 \$255.00
Valve Springs Only (Vance & Hines)				Performance PAC dual Valve Springs. OK to use the stock retainers, bottoms, and keepers. Springs are designed with the latest advancements in valve spring technology. They are nano-peened, polished and 100% inspected through load testing to ensure they exceed stringent quality standards, offering superior valve stability at high rpm range. They are the premium choice for your performance upgrade and are "drop-in" ready. No machining of heads is required. Handles 450" Valve Lift. OK to run 20 lbs of boost if you run more			VS-S04 \$490.00
Valves, Stainless (Vance & Hines) Intake Oversized +1 mm				Oversized 34 mm. Precision CNC Machined from a Stainless One Piece Forging for higher strength & durability. Chrome Coated, High grade Alloy allowing the valve to withstand high heat and still maintain roundness. Chrome Coated and have Micro Polished stem for smoother finish and less friction resulting in improved performance. Multi angle back cuts for enhanced flow. Track tested and proven design on the World's Fastest Pro Street & Pro Mod Motorcycles. Price (Each)			IV-S33 \$26.00
Valves, Stainless (Vance & Hines) Intake Standard Size				Standard size 33 mm. Precision CNC Machined from a Stainless One Piece Forging for higher strength & durability. Chrome Coated, High grade Alloy allowing the valve to withstand high heat and still maintain roundness. Chrome Coated and have Micro Polished stem for smoother finish and less friction resulting in improved performance. Multi angle back cuts for enhanced flow. Track tested and proven design on the World's Fastest Pro Street & Pro Mod Motorcycles. Price (Each)			IV-S32 \$26.00

VALVE LIFT	DURATION	DURATION @ .050	GRIND NUMBER	DESCRIPTION	REGRIND	HARDWELD	BILLET
Valves, Stainless (Vance & Hines) Exhaust Oversized +1 mm				Oversized to 28.5 mm. Precision CNC Machined from a Stainless One Piece Forging for higher strength & durability. Chrome Coated, High grade Alloy allowing the valve to withstand high heat and still maintain roundness. Chrome Coated and have Micro Polished stem for smoother finish and less friction resulting in improved performance. Multi angle back cuts for enhanced flow. Track tested and proven design on the World's Fastest Pro Street & Pro Mod Motorcycles. Price (Each)			EV-S32 \$26.00
Valves, Stainless (Vance & Hines) Exhaust Standard Size				Standard size 27.5 mm. Precision CNC Machined from a Stainless One Piece Forging for higher strength & durability. Chrome Coated, High grade Alloy allowing the valve to withstand high heat and still maintain roundness. Chrome Coated and have Micro Polished stem for smoother finish and less friction resulting in improved performance. Multi angle back cuts for enhanced flow. Track tested and proven design on the World's Fastest Pro Street & Pro Mod Motorcycles. Price (Each)			EV-S31 \$26.00
Valves, Titanium (Vance & Hines) Intake Oversized +1 mm				Oversized to 34 mm. Precision CNC Machined from a Stainless One Piece Forging for higher strength & durability. Chrome Coated, High grade Alloy allowing the valve to withstand high heat and still maintain roundness. Chrome Coated and have Micro Polished stem for smoother finish and less friction resulting in improved performance. Multi angle back cuts for enhanced flow. Track tested and proven design on the World's Fastest Pro Street & Pro Mod Motorcycles. Price (Each)			IV-S34 \$66.00
